Safety Briefing

AG Algebra, Geometrie und Computeralgebra
Building 48, rooms 401–449

Max Horn · October 2026

RPTU Rheinland-Pfälzische Technische Universität Kaiserslautern Landau

Today: five things

112

Emergency call

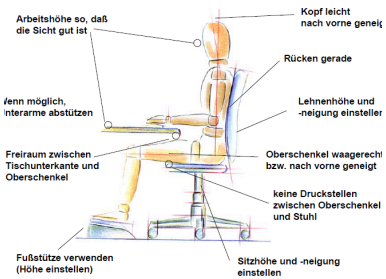

Fire

First aid

110

Violent threat

Office & health

Required once a year (§ 12 ArbSchG, § 4 DGUV Vorschrift 1) — please sign the list at the end.

Emergency call

112 **Fire · Ambulance**

110 **Police**

Works from every phone,
university phones without a prefix.

Afterwards: university service desk

☎ **2333**

What to say

1. **Where?** — Building 48, floor, room
2. **What** happened?
3. **How many** injured?
4. **Wait** for questions — don't hang up!

📍 RPTU, Gottlieb-Daimler-Straße, **Gebäude 48**,
67663 Kaiserslautern
Send someone to the entrance to guide the rescuers.

Fire: what to do

1

Stay calm

2

Alarm: call 112 or press alarm button

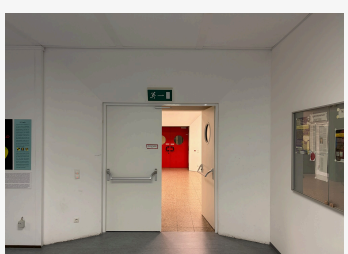

3

Warn others, help those who need it

4

Get out — no elevator!

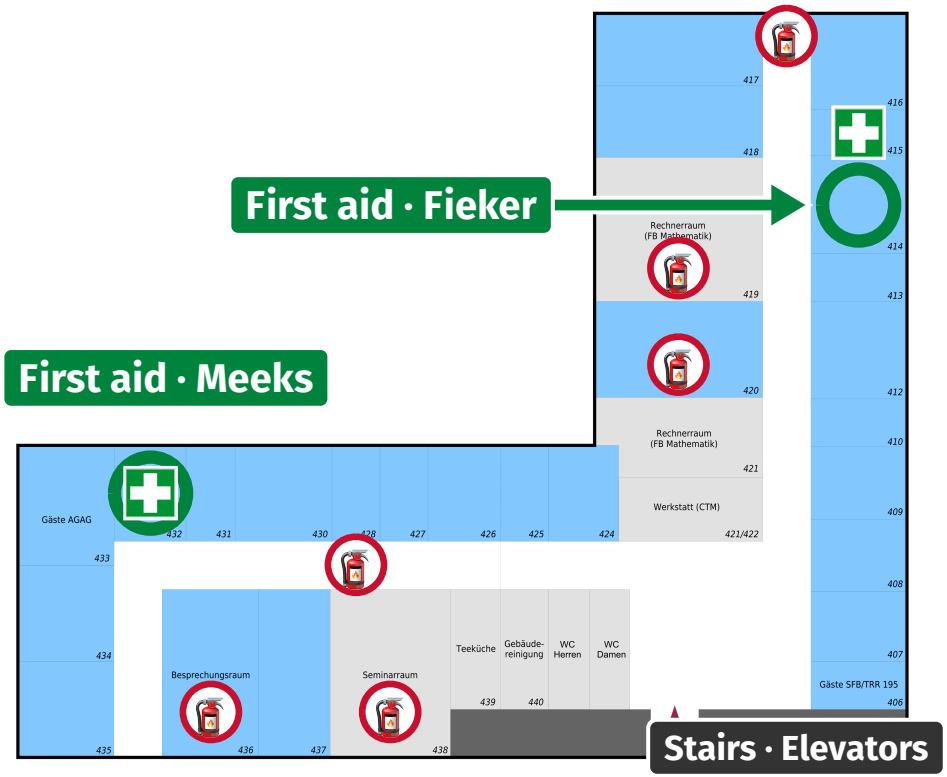

5

Go to assembly point M

🔔 Siren = leave immediately, even if you see no fire. Re-enter only when the fire brigade says so.

Our floor

Every office window leads to the walkway outside.

🧯 Fire extinguishers: in every seminar and meeting room, in 419 and 420, between 428 and 429, at the end of the corridor by 416/417

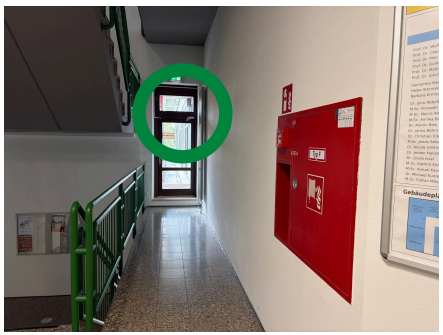

🩹 First-aid kits: 432 and 415

Which one is closest to your office?

The landing in front of our wing

Behind the stairs: door to the outside stairs

Alarm-secured — in an emergency, **open it**.

Main escape route: window → walkway → outside stairs

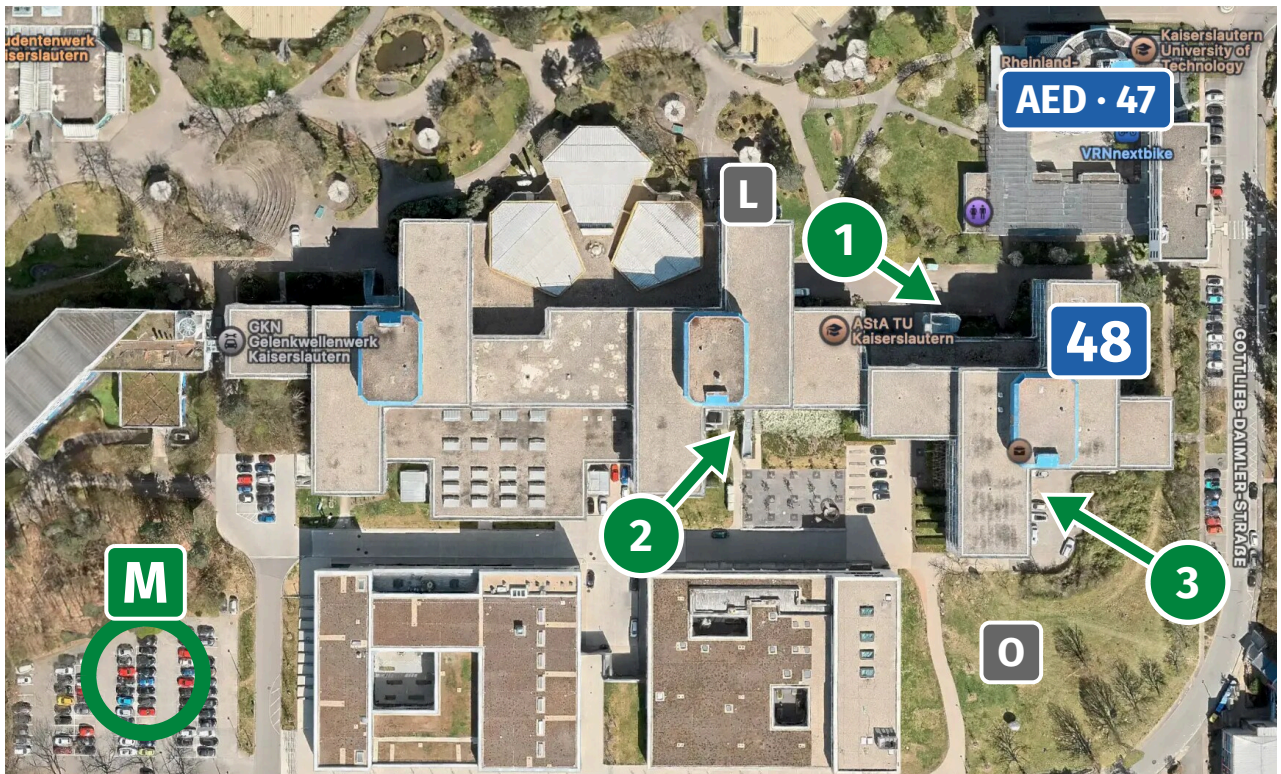

1 Out of the window onto the walkway

2 Along the walkway to the nearest outside staircase, down, to **M**

Stairwell only if it is free of smoke. Close your office door behind you.

Outside stairs · assembly point · defibrillator

1–3 Outside staircases — take the nearest

M Our assembly point

L, O Assembly points of other buildings

AED Defibrillator: building 47 (tower), ground floor foyer

Assembly point M

Car park west of LPME

Yes, L and O are closer. Ours is still **M**.

At the assembly point

- Stay — don’t leave without telling someone
- Report missing people
- Follow the fire brigade’s instructions

Fire and smoke doors

- **Never** wedge, block or tie them open
- Keep the swing area clear
- They keep smoke out of the corridor — and out of your escape route

Fire extinguishers

Only if it is safe!

1. Pull the pin
2. Strike the knob
3. Squeeze, aim at the base of the fire

- Keep your escape route behind you
- Know where the nearest one is
- Used one? Report it.

First aid

First aiders

Samantha Meeks
Room 48-432
☎ 3141

Claus Fieker
Room 48-414
☎ 2392

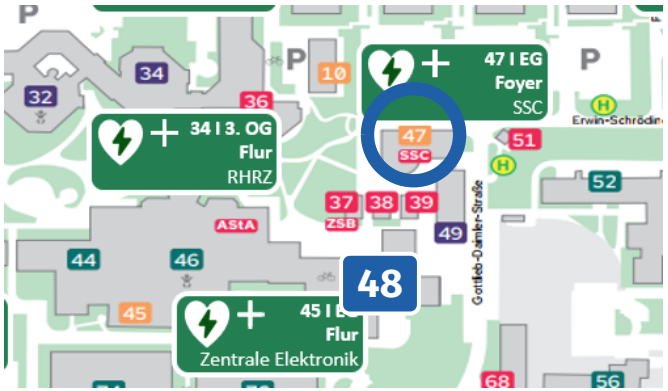

We need more first aiders!
Interested? Talk to Claus Fieker.

First-aid kit

In 48-432 (Meeks) and 48-415. This sign marks rooms with emergency equipment.

Defibrillator (AED)

Building 47 (tower), ground floor foyer

After an accident

1. **Every** injury, even a small one: record it in the first-aid log
2. Need a doctor? Accident insurance doctor (D-Arzt) or any hospital emergency room — say it was a **work accident**
3. Tell your supervisor — some accidents must be reported within 3 days

You are insured at work **and on the direct way to and from work**.

Violent threat (attacker)

RUN

- Leave everything behind
- Take others with you

HIDE

- Lock and barricade the door
- Lights off, away from doors and windows, phone silent

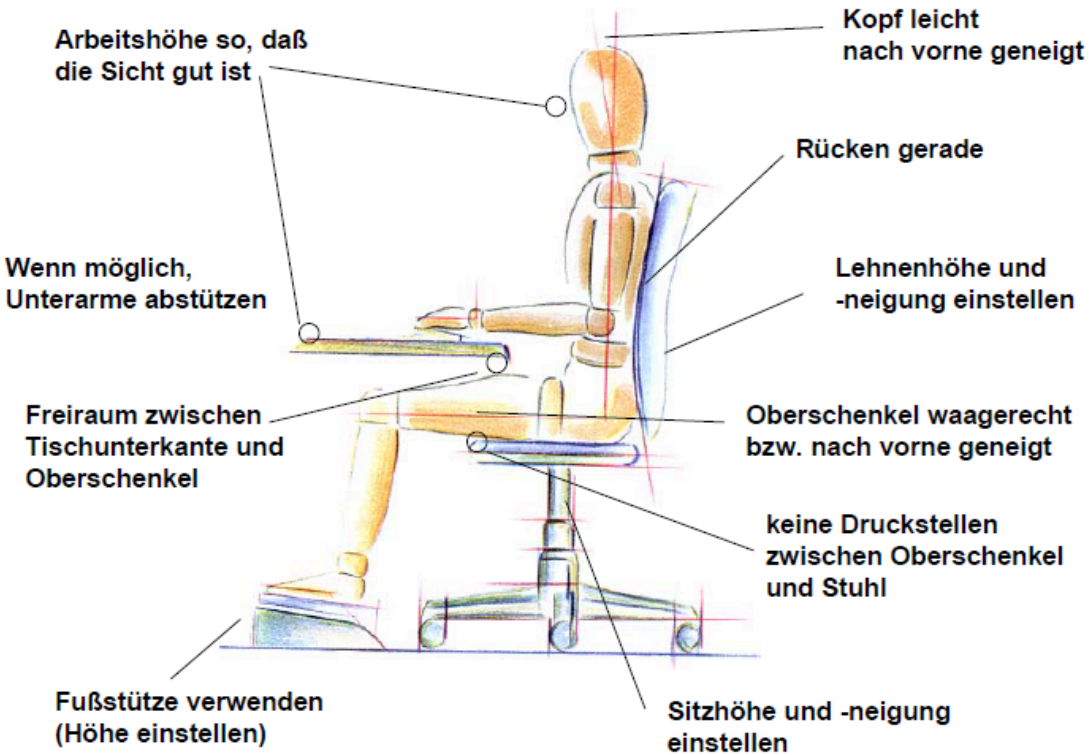

CALL 110

- Where? What? How many attackers? Weapons? Injured?

Police arrive: follow their instructions, keep your hands visible.

Threatening phone call: stay calm, listen, take notes, then call 110.

Your desk

- Feet flat on the floor (or footrest)
- Thighs horizontal, forearms at desk height
- Top of the screen at eye level or lower, an arm's length away
- Screen side-on to the window — no glare
- Stand up and move, often

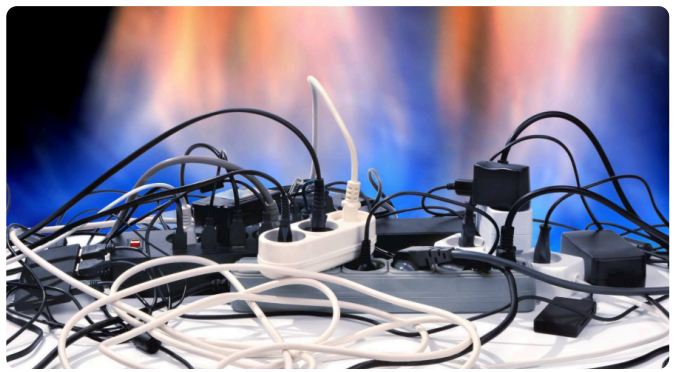

Something broken? Report it!

Sun blinds broken? Tell us — they can be fixed.

Damaged cable or device: stop using it.

No power strip plugged into another one.

Trip hazards: loose cables, open drawers, boxes in the corridor. On stairs: use the handrail.

Report to: Samantha Meeks (Sekretariat), 48-432

Occupational health check-ups

- **Screen work** (eyes): you are entitled to a check-up — free, voluntary, confidential
- Special screen glasses needed? RPTU may pay for them, partly or fully — see QR code.
- Other concerns? You may ask for a check-up at any time.
- **Pregnant?** Tell us early — your workplace gets assessed, in confidence.

Company doctor

Check-up & screen glasses
